

What some of our clients say...

"There are three words I use to sum up HDQ Consulting; Professionalism, Thoroughness and Value. HDQ has been working with Eka Software Solutions and Greg and his team have nailed it in terms of a best fit solution. The HDQ team has expertise and is well versed in the latest solutions for the business. I recommend HDQ for any needs that you may have in this area."

Peter Stanley

Director of Supply Chain & Operations Solutions

adelaide belt & hose

"Adelaide Belt & Hose hired HDQ Consulting to assist us with improving our systems and procedures. Greg's deep range of knowledge, talent and skills ensures our business stays compliant and continues to grow efficiently. I fully endorse HDQ Consulting and Greg - he is like a trusted member of our team."

Malcolm Amos

Managing Director

"HDQ implemented the new system after the other organisation found it impossible to do because they took the time to understand our business processes. I'm very happy with the implementation and the ongoing customer support to myself and my team."

Annette Penna

Senior Finance Partner

"HDQ implemented the new system into our retail stores and provided us with support anytime we found something tricky to resolve. We definitely recommend their services as we wouldn't be able to implement the software or update data as successfully without their help."

Darren Johnson

Inventory Manager

**Scouts

"HDQ Consulting's experience was unbelievably valuable in helping us to successfully implement the new system. We were in a world of pain when the previous consultant left the project unfinished. Now I can get real-time data quickly, so I can see a potential financial issue immediately and fix it before it is a problem in the business. Thanks to Greg and his team for all their efforts in project managing a successful implementation. I highly recommend Greg and his team for any ERP or financial software system rollout!"

Tania Hayward

Chief Financial Officer
